Listening to and discussing a wide range of poems, stories and non-fiction at a level beyond that at which they can read independently
Y2: Discussing and clarifying the meanings of words, linking new meanings to known vocabulary..
Being introduced to non-fiction books that are structured in different ways

Texts

Peter and the Wolf

RE

The topic this half term is Creation and Covenant
children learn that God created the world out of love, makes promises to his people, and invites everyone to care for creation. They develop an understanding of their relationship with God and how they can live as responsible members of God's family.

Science

Y1 - Human Body

Children will be able to identify and name parts of the human Body.

Y2- Animals need for survival

Children will understand the characteristics of mammals

Humans-

Children will understand the importance of exercise and diet

Year 1/2

ADVENT 1

Music

Keeping the Pulse:

Children will learn to understand and keep a steady pulse using their bodies, voices and nstruments, perform simple rhythms in time, and demonstrate their pulse skills through performance.

ART

Exploring Line and Shape

Children will be able to control and pressure to create different types of lines.

PSHE

Connecting with others – how can I help myself and others feel happy and safe

Children will be identifying what makes them special and talk about their strengths.

Computing

Computing Systems and Networks – Improving Mouse Skills

Children will learn how to log in to a computer, access websites and understand how to use the internet safely. They will develop their mouse skills by drawing, editing shapes and creating digital pictures, including a story scene and a self-portrait using a range of digital tools.

Forest School

To learn about how to stay safe in forest school and practice building dens.

Year 1/2

ADVENT 1

Geography

What's it like here and mapping the world

Children will learn to use aerial photographs, maps and atlases to locate their school, local area and the wider world, identify key features, draw simple maps, and suggest improvements to their environment.

Physical Education

Ball Skills

Children will learn a range of basic ball skills, including rolling, throwing, catching and dribbling. They will develop control and coordination by using different body parts, learn how to aim towards a target, use soft touches when dribbling, and catch a ball safely with two hands.

Physical Education

Fundamentals

Children will develop the basic movement skills of running, jumping and skipping. They will learn how to move safely and efficiently by using correct body positions, balance and coordination, helping them become more confident and active movers.
